

TEACH • LEARN • GROW

Creating effective learning environments™

Tables & Desks | Storage | Seating | Accessories

PRICE LIST

# TEACH. LEARN. GROW.

These three words are the essence of education. It sounds simple, but we know it's not. We're part of a complex recipe, blending talented people, sound strategies and inspiring, agile spaces. Our role is to create effective environments that help prepare young people for college, career and life. Teach. Learn. Grow. Let's get cooking.

# We are Fleetwood...

...A company that's big enough to furnish an entire school (or K-12 system) anywhere in the U.S., yet small enough to give every order our full attention.

...A company that recognized the need for greater mobility in the classroom more than 65 years ago... and continues to infuse our product and application design with insights from our research about how space impacts activity, connection and engagement.

...A company that is 100% owned by its employees, so every member of the Fleetwood family has a personal stake in helping students learn and in satisfying our customers.

...A company that gives back, by dedicating 20% of its profits to mission work around the world and providing paid time-off for employees to pursue their own passions for community service.

# Table of contents

## Getting started

**2-25** Overview

**26-27** Thought starters

**28-35** How to specify

# Designs driven by research

Our vision is to help students learn. It's another one of those simple ideas with a lot of thoughtful design behind it. Our research-inspired furniture and applications increase student and teacher engagement, connection and well-being. Our commitment to operations excellence means our products will arrive when we say they will (we hit 99 percent of our confirmed delivery dates) and last a lifetime.

## It all works together

All Fleetwood, furnishings coordinate seamlessly with each other, so you can confidently mix and match product lines, repurpose pieces from room to room and add new components whenever you need them.

## Our Solutions

### Tables & Desks

One of the industry's broadest offerings is also one of the easiest to specify, install and use across the school environment. Line-wide compatibility ensures visual and functional consistency while mobile and height-adjustable options maximize flexibility.

### Seating

Shell chairs, stools and soft seating are all designed to encourage healthy movement and boost student engagement.

### Storage

We offer just the right storage for every space and purpose, all boasting exceptional strength and durability for a lifetime of heavy-duty service. The comprehensive selection – including two newly enhanced collections – allows a custom fit without the custom upgrade.

### Accessories

Our dry erase markerboard system adds versatile presentation capabilities to any school space, on the wall or off.

# We create effective learning environments

It all starts with listening and observing... continues with product design and development flavored by the insights we've gathered... and ends with great spaces that support activity, connection and engagement.

## **ENVIRONMENTS WE PROVIDE SOLUTIONS FOR:**

Grades K-12 general classrooms

Makerspace

Teacher/Faculty Lounge

Administration

# The difference is clear

Our founders realized more than 65 years ago that classroom furniture needed to be mobile, durable and cost-effective. We've built on that tradition as a God-centered, employee-owned company committed to helping students learn.

## SMART

Our products and applications solve today's classroom challenges and anticipate tomorrow's.

## AUTHENTIC

We keep our promises, build respectful relationships and communicate fully.

## FRESH

Clean aesthetics and human-centered design go into our newest solutions for learning and well-being.

## EASY

Our personalized customer service is backed by a best-in-class warranty, and we can offer the warranty with confidence because of the quality and durability of our products.

# New opportunities to enhance learning and growth.

## **DESIGNER 2.0**

Redefining versatility, Designer 2.0 is a core storage solution for K-12 mobile environments with its broad portfolio and clean, simple lines.

## **ILLUSIONS 2.0**

Illusions 2.0 goes beyond robust architectural perimeter storage. It offers limitless design possibilities – including space division and multimedia displays. It blends effortlessly with other Fleetwood products now and into the future.

## **EVOKE™**

Introducing Evoke: a passive-ergonomic seating family available in a wide range of sizes, bases and colors to suit any age, function and educational environment. So simple, so comfortable, so right.

## **TABLES**

Customers loved our single-column pneumatic, so Fleetwood added a two-column version.

All tables now have 1" thick worksurfaces, so they align perfectly with new Designer 2.0 and Illusions 2.0 tops.

## **FINISHES**

A new palette of nature-inspired laminate, paint, plastic, and fabric colors expands aesthetic possibilities and unifies the portfolio.

Now, more than ever, Fleetwood is your single source for school furnishings.

# Say Hello to Evoke

Simple ■ Apt ■ Livable

Based on a simple platform – a single, solid shell with no ribs – our new Evoke chair is easy to use, easy to clean and easy to love. It can go almost anywhere, from the classroom to the cafeteria to the teacher’s lounge.

## STYLE OPTIONS

- 4 Leg stacking
- 4 Leg caster stacking
- Reverse cantilever stacking
- Stool • Five-star pneumatic
- Five-star stool pneumatic

## KEY FEATURES

- Passive-ergonomic flexing back promotes healthy movement
- 3 shell sizes and multiple seat heights accommodate all ages and body types
- One-piece, non-ribbed shell cleans easily
- Three stacking bases with one reaching 10 high
- Integrated backpack hook that holds 50 pounds

# Introducing Designer 2.0 & Illusions 2.0

Industry-leading mobility and durability meet unequaled choice and value in the next generation of our premier storage lines.

Now you have a single source to fulfill all your school storage needs – and all the products work in harmony with Fleetwood seating, tables and desks.

## KEY NEW BENEFITS

- Comprehensive statement of line delivers custom solutions without the custom expense.
- Clean, crisp aesthetic lines.
- Alignment between/within units allows for mixing and matching of components.
- New products and sizes compress footprints and improve circulation and flow.
- Easy to use. Electronic planning tools and pre-assembled designs simplify specification and installation – it's virtually impossible to make a mistake.

# Fresh colors

Our newly expanded color offering incorporates more hues inspired by nature to support biophilic classroom designs proven to help improve learning outcomes.

## **LAMINATES AND EDGE BANDS**

Laminate and edgeband offerings almost double – new bolds, neutrals, and wood grains. Plus, Fleetwood supports more open-line laminates to match customer's existing color schemes.

## **PLASTICS**

Evoke launches with 12 new plastics that coordinate with Fleetwood laminates.

## **PAINTS**

Greige mimics nature, while markerboard white adds function.

## **FABRICS**

Bold, bright, biophilic fabrics for our Soft Rock seating line include new Silververtex® options – comfy, durable, water-resistant and easy to clean.

# Be inspired by versatility

Our focus on flexibility – via mobility, height adjustability, universal compatibility and more – provides endless options for every room in your school.

And when your needs change, our furniture can easily be rearranged, reconfigured and repurposed to suit the new status quo.

Built to last. Designed to adapt. Let Fleetwood inspire you.

# New products keep environments flexing

The only constant in schools is change. Teaching methods evolve. Class sizes grow and contract. Technology races ahead. You need a furniture solution that can keep up the pace.

Fleetwood can. Our focus on flexibility – via mobility, height adjustability, universal compatibility and more – provides endless options for meeting your current demands (as the examples here demonstrate). We make it easy to transform spaces, whether it's during a class, between classes or over time. In fact, our new portfolio virtually futureproofs your classrooms, empowering you to master whatever comes next.

# How to use this book

## TABS

Use tabs on the right edge of the pages to find the section you want.

## OVERVIEW PAGES

Product overview pages narrow your search for products.

Utilize product charts to understand sizes, recommended applications, and various styles and options.

## PRODUCT INTRODUCTION

Check out product introduction pages to learn about product features, dimensions, application rules, and shipping.

### CALLOUTS

- Dimensions charts highlights key external and internal product dimensions.
- Product images show important features.
- Shipping information describes if products ship fully assembled, partially assembled or ready to assemble. It also notes how hardware, casters, pulls and other items are shipped.
- Photos show unique features.

## WHAT TO ORDER, STANDARDS & OPTIONS

Read the "Specification requirements and options" charts before ordering to learn about defaults, product options, codes, color choices and upcharges. If an option code is needed, you will see it called out in the pricing chart. It will usually appear in the dark gray shaded row.

However, in most cases, instead of using an alpha or digital code for options, you can either select the described option electronically (in CET, ProjectMatrix, etc.) or type the description called out under OPTIONS manually. In this case, the final model number will be automatically created or Fleetwood will do it for you.

## SPECIFICATION OVERVIEW

Find specific sizing, base model numbers, specifiable features, model number option codes, base list pricing, and option pricing within the specification tables. At the bottom of the table, find key tips if applicable.

In addition to this price list, find and specify Fleetwood products on My Resource Library, 20/20, CET, KITS Collaborator and Project Matrix.

## QUICKSHIP

Notice that pricing charts are color coded to call out our Quickship products. If you see blue-colored type, express shipping is available after May 2022.

		TABLE HEIGHTS		WORKSURFACE UPGRADE	
		FIXED	ADJUSTABLE	HPL G5	
W	D	29"	20-23" 24-32"	29-42" SIDE RAIL	34-42" FOOT & SIDE RAIL
48"	24"	22RG420	Leveler	\$584	\$744 \$744 \$844 \$844 +\$24

## KEY TO ABBREVIATIONS

- TFL ..... Thermally Fused Laminate
- HPL ..... High Pressure Laminate
- W ..... Width
- D ..... Depth
- H ..... Height
- G1 ..... Grade 1
- G3 ..... Grade 3
- G5 ..... Grade 5

## FINISHES MATERIALS

Look at the FINISHES section to understand Fleetwood's standard color palette. If your organization doesn't have Fleetwood sample sets, please call us at 800.257.6390 or contact us at [fleetwoodfurniture.com](http://fleetwoodfurniture.com).

## KEY INFORMATION

Be sure to review the KEY INFORMATION section to learn about new, enhanced and discontinued products.

The SPECIAL AND CUSTOM PRODUCTS portion of the section provides an overview of the process we use to meet your unique needs. To save time, check out our chart on price guidelines for simple dimensional and surface material specials. If you don't see what you're looking for, please call us for a quote.

Have you previously ordered Encore Collection, Designer Collection, Illusions Collection, Learning Wall or 3/4" thick Unitized Frame tables? All of these products have been improved. Check out this section to learn about the enhancements and how to convert your order to a better solution. If you still need the former versions of these products during 2022, see the electronic Legacy Price List in the dealer portal at [fleetwoodfurniture.com](http://fleetwoodfurniture.com).

## PRODUCT MODEL INDEX

If you know your model number, use the index in the back of the book to find products.

# How to specify

Ordering is easy if you follow some basic steps. For most products, you'll just select the model number, finish codes and finish names. Some products have options that ship with the product. These might include pulls, mobility features (levelers, wheelbarrow, casters), or storage features that ship with the basic unit. For these, you will usually select a feature code, finish color and price upgrade. Below are three examples for tables, storage and seating. If you have any questions, please call us for help.

## TABLES & DESKS EXAMPLE

How do you order a 60" wide by 24" deep by 29" high Unitized Frame table with casters, a rectangle worksurface with chem resistant HPL and a modesty panel?

### STEPS

NOTE: While codes are shown below in some examples, model numbers will build automatically if you are using an electronic tool to specify.

STEPS	MODEL/CODES/OPTIONS	LIST	COLOR SELECTIONS
<b>1</b> Select model number for 60" w x 24" d table	TUNR6024		
<b>2</b> Add height code for fixed height 29" H. Add price.	F29	\$572.00	
<b>3</b> Option on casters. Add upcharge.	Casters (C)	\$60.00	
<b>4</b> Option on HPL choice. Add upcharge.	Chem resistant HPL	\$72.00	
<b>5</b> Option on Modesty Panel. Add upcharge.	Modesty panel	\$136.00	
BUILT UP MODEL NUMBER AND LIST PRICE*		TUNR6024F29C	\$840.00
<b>6</b> Specify finishes			
Worksurfaces - Chem Resistant HPL			Black (default)
Edgeband for worksurfaces			Black (default)
Frame			Silver
Modesty panel			Silver

\*Can't find a code? Don't worry about it. Just call out the name of the option and we'll add it for you. In many cases, codes have been eliminated and replaced with descriptions to add clarity.

# Tables & Desks

Versatile ▪ Robust ▪ Compatible

A wide variety of worksurface shapes and sizes, leg heights and accessories make our tables and desks adaptable (and re-adaptable) to virtually any school application. They're built to withstand decades of daily use and designed to complement all other Fleetwood products.

## KEY FEATURES

- Fixed height and adjustable height leg options
- Heavy-duty levelers or locking casters
- 1" thick high-pressure laminate worksurfaces
- Pick-proof, moisture-resistant worksurface edges stand the test of time
- Smaller depth options support condensed footprints and wider aisleways

# Tables & Desks

## Table of contents

The heights, widths and depths of all our tables and desks align perfectly to guarantee a perfect fit. Color and finish options extend universally across the product selection to ensure a cohesive look. Rely on Fleetwood to maximize compatibility within and between school spaces, now and in the future.

# Tables & Desks

Table of contents

# Unitized Frame

## Tables & Desks

You can depend on this rugged yet refined table to stand up to the most demanding classroom challenges, including science spaces. Height adjustability, mobility and technology options accommodate different users and purposes while enabling easy reconfiguration within or between rooms. Dent-resistant, welded steel frames impart exceptional strength and stability.

### FIXED HEIGHT

- 29" high

### WORKSURFACE

- 1" thick worksurfaces except for Maple Block
- HPL (standard)
- TFL
- HPL Specialty
- Phenolic Resin
- Solid Maple Block (1-3/4" thick)
- Rectangle shape with square corners
- Plane shape with rounded corners

### FRAME AND LEGS

- Fully welded
- A** Perimeter rectangle tubular frame under perimeter of worksurface.
- Perimeter frame is 3-sided on tops 30" wide or less
- Perimeter frame is 4-sided on tops 36"-72" wide
- Square tube legs for rectangle tops
- Rounded tube legs for other tops
- See ADJUSTABLE HEIGHT for other features

### MOBILITY

- 1.5" diameter levelers - all legs
- 2" diameter levelers - all legs (square legs with phenolic or maple block worksurface material)
- Wheelbarrow - 75mm casters and 1.5" diameter levelers
- 75mm casters - all locking
- 5" casters - All locking (square leg only)

### SHIPPING

- Worksurfaces ship stacked, separate from frame/leg assembly, unless table is specified assembled
- Frame/leg assemblies ship stacked, unless tables is specified assembled
- Levelers or caster stems installed on legs
- Casters field installed

### ADJUSTABLE HEIGHT

- 20"-28" high
- 24"-32" high

### KEY FEATURES

#### No side or foot rail bar standard on:

- 20"-28" high - no visible adjustment holes between 20"-23" heights
- 24"-32" high - no visible adjustment holes
- 1" height adjustment increments
- Tamper resistant, dual height adjustment system

### ADJUSTABLE HEIGHT WITH SIDE RAILS

- 29"-42" high

### KEY FEATURES

#### Side rail bar standard on:

- Adjustment holes may be visible below 34" height
- 29"-42" - Potential visible adjustment holes between
- 1" height adjustment increments
- Tamper resistant, dual height adjustment system

### ADJUSTABLE HEIGHT WITH SIDE AND FOOT RAILS

- 29"-42" high (with 36", 42", or 48" deep worksurface. All worksurface depths)
- 34"-42" high

### KEY FEATURES

- Side rail & foot rail are 8.5" above the floor
- Foot rail bar is centered between legs
- Foot rail diameter is 1.25"
- 1" height adjustment increments
- Tamper resistant, dual height adjustment system

**WAVE**

**DELTA**

**TRIANGLE**

**WEDGE**

**20+ shapes**

that can be specified for various table and desk lines. Custom shapes and sizes are also available.

**Endless configurations**

that can be created, pulled apart and rearranged on the fly to accommodate varying group sizes and activities.

**Ultimate flexibility**

to personalize collaborative learning classrooms that empower and engage students for better attention and retention.

**Thought starters**

to inspire you and your teachers.

# Unitized Frame Tables & Desks

## SQUARE LEGS

### SPECIFICATION REQUIREMENTS AND OPTIONS

WHAT TO ORDER	STANDARD	OPTIONS	UPCHARGE/DEDUCTION
MODEL NUMBER	see chart		
HEIGHT	Fixed 29"	Adjustable 20"-28", 24"-32", 29"-42" with side rail*, 34"-42" with side & foot rails	see pricing chart
MOBILITY	Levelers - code is L	Wheelbarrow** - code is W.	\$80
		75mm Casters - code is C.	\$80
		5" Casters - code is 5. For use with rectangle top/square leg only	\$220
FRAME	Paint	Select color	
WORKSURFACE	HPL G3	Select color. Edgeband color coordinates (default) with worksurface laminate. Select contrasting edgeband.	
		HPL G5. Provide laminate manufacturer, color name and color number with finish code. Select Fleetwood edgeband color.	see pricing chart
		Chem Resistant HPL. Available in black with black edgeband	see pricing chart
		Phenolic Resin. Available in black, no edgeband	see pricing chart
		Maple Block. Available in clear coat, no edgeband	see pricing chart
		TFL G1. Select color. Edgeband color coordinates(default) with worksurface laminate. Select contrasting edgeband.	(\$30) deducted
ACCESSORIES	See options	See the accessories pages at the end of the Tables & Desks section	
ASSEMBLY	Unassembled	Factory assemble available	\$34

\*29"-42" high adjustable tables in 36", 42" or 48" depths include side & foot rails.  
 \*\*Wheelbarrow mobility not available with phenolic resin or maple block worksurfaces

# C-Leg Tables & Desks

Small desks maximize classroom space, but four-legged versions can be overly confining to seated students. Give your students more knee swing and attention-enhancing comfort with this C-Leg solution.

### FIXED HEIGHT

- 29" high

### ADJUSTABLE HEIGHT

- 24"-32" high
- 29"-42" high
- 1" height adjustment increments
- Tamper resistant, dual height adjustment system

### WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- TFL
- Rectangle shape with square corners
- Plane shape with rounded corners

### MOBILITY

- 2" diameter levelers
- 75mm casters - locking

### FRAME AND LEGS

- Fully welded
- Square tube legs
- Rectangle crossbar
- Rectangle base
- Bag hook accessory attaches to bar
- See ADJUSTABLE HEIGHT for other features

### SHIPPING

- Worksurfaces ship stacked, separate from frame/leg assembly
- Frames ship nested
- Levelers or casters installed
- Height adjustment tools included if needed

### SPACE BETWEEN LEGS

Work Surface	Distance Between
Width	A
27"	22.44"
54"	49.44"

# Flip & Nest

## Tables & Desks

Give teachers the flexibility to move tables in and out of active use as needed. Press the recessed activation bar to flip worksurfaces up and roll them out of the way – or use them for vertical display.

### FIXED HEIGHT

- 29" high - No foot rail

### ADJUSTABLE HEIGHT

- 21"-28" - No foot rail
- 25"-32" - No foot rail
- 29"-42" - No foot rail
- 34"-42" - With foot rail
- 1" height adjustment increments
- Tamper resistant, dual height adjustment system

### WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- TFL
- Rectangle shape with square corners
- Plane shape with rounded corners

### MOBILITY

- 75mm casters - locking - all legs

### FRAME AND LEGS

- Fully welded
- Square tube legs
- Rectangle crossbar
- Rectangle tube base
- Activation bar and mechanism integrated into frame
- See ADJUSTABLE HEIGHT for other features

### ADDITIONAL FEATURES

- A** Standard frame inset is 4"  
72" wide tables have a 10" inset
- B** Activation bar

### SHIPPING

- Unit ships ready to assemble.
- Frame assembled and levelers or casters installed

# Stacker Tables & Desks

Classrooms need tables but experiential learning also requires open areas. You can achieve both goals with these fully welded steel-leg tables, which stack up to three high.

### FIXED HEIGHT

- 29" high

### ADJUSTABLE HEIGHT

- 24"-32"
- 1" height increments
- Tamper resistant, dual height adjustment system
- No visible adjustment holes

### WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- TFL

### MOBILITY

- 1.5" diameter on all levelers - all legs
- Wheelbarrow - 75mm casters and 1.5" diameter leveler combination
- 75mm casters - all legs

### FRAME AND LEGS

- Fully welded
- Perimeter rectangle tubular frame under perimeter of worksurface.
- Perimeter frame not on worksurface front
- Rounded tube legs
- See ADJUSTABLE HEIGHT for other features

### ADDITIONAL FEATURES

- A** Protective worksurface bumpers

### SHIPPING

- Worksurfaces ship stacked, separate from frames
- Frames ship stacked
- Levelers or caster stems installed on legs
- Casters field installed

### SPACE BETWEEN LEGS

Worksurface		Distance Between		
Width	Depth	A	B	C
30"-32"	24"	23.25"	24"	17.25"
54"	27"	47.25"	27.25"	20.25"

Worksurface		Distance Between

**Space Smart.**  
 All Stacker table shapes can be stacked up to three high to save space when they're not in use and to ease floor cleaning.

# Pneumatic Base

## Tables & Desks

Promote healthy movement by enabling teachers or students to alternate between sitting and standing heights throughout the day. An easy-to-operate handle underneath the worksurface adjusts height.

### ADJUSTABLE HEIGHT

- Single column on casters: 28"-45"
- Double column on levelers: 28"-48"
- Double column on casters: 31"-51"

### WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- TFL
- Rounded corners on Plane and Sidekick

### MOBILITY

- Levelers - double column only
- 75mm casters - single & double column

### FRAME AND LEGS

- 3-part pneumatic column with flat top plate
- Non-stepped adjustability
- Rectangle base
- Silver paint only
- 35lb. capacity when in motion
- 400lb. capacity when in fixed position

### ADDITIONAL FEATURES

- A** Under worksurface mounted handle to adjust height of worksurface

### SHIPPING

- Table ships assembled with casters or levelers installed

### SPACE BETWEEN LEGS

Work Surface	Distance Between
Width	<b>A</b>
30"	22"
60"	44"

➤ Furniture that plays well **together.**

**Sit to Stand.**

An easy-to-operate handle mounted under the worksurfaces adjusts the height of single-column table over a range of 28"-45".

# Crank Height Adjustable

## Tables & Desks

Give students the power to gain new leverage or perspective on their projects through vertical table movement. Table legs and worksurfaces are engineered to support heavy weight.

### ADJUSTABLE HEIGHT

- 27"-38.5" for 1" thick worksurface
- 1.75" thick maple block worksurface adds .75" to height ranges.

### WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- TFL
- Solid Maple Block (1-3/4" thick)

### MOBILITY

- 2" diameter levelers - all legs

### FRAME AND LEGS

- 11.5" height adjustable legs
- Tubular base
- Metal modesty panel. Color matched to legs

### ADDITIONAL FEATURES

- A** Crank handle
- B** Anodized finish on upright
- C** Painted finish on foot

### SHIPPING

- Ships assembled
- Levelers installed

### SPACE BETWEEN LEGS

Work Surface	Distance Between
Width	A
60"	51"

### Heavy Loads.

Crank supports weights up to 350 lbs, and adjusts over an 11½" height range – ideal in shops and tech spaces where heavier equipment (and sit-to-stand convenience) may be in play.

# Post Leg Tables & Desks

Integrate organic worksurface shapes, larger tops and unique configurations into your space. Fully welded legs are positioned to ensure strength, stability and comfort. Custom shapes available.

# Picnic Table & Bench

## Tables & Desks

Bring the outside in with this variation of an outdoor picnic table. The familiar vibe is meant to help students connect more informally in classrooms or common areas.

### FIXED HEIGHT

- Table: 24", 29"
- Bench: 14", 18"

### WORKSURFACE AND BENCH

- 1" thick worksurfaces
- HPL (standard)
- TFL
- Rectangle shape with square corners

### MOBILITY

- 1.5" diameter levelers

### FRAME

- Fully welded
- Rectangle tubular frame under perimeter of worksurface.
- Perimeter frame is 3-sided on tops 30" wide or less
- Perimeter frame is 4-sided on tops 36"-72" wide
- Square tube legs for rectangle tops
- Rounded tube legs for other tops

### LEGS

- Square

### SHIPPING

- Worksurfaces ship stacked, separate from frame/leg assembly, unless table is specified assembled
- Frame/leg assemblies ship stacked, unless tables is specified assembled
- Levelers or caster stems installed on legs

## DIMENSIONS

Worksurface Dimensions

# Full End Panel

## Tables & Desks

Ideal for anchoring a space and conveying a sense of stability that attracts students. Large standing-height units invite gathering while narrower tops make great touchdown spots against walls or windows.

### FIXED HEIGHT

- 30"
- 36"

### WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- TFL
- Rectangle only

### MOBILITY

- .75" diameter levelers

### SUPPORT

- 3/4" thick TFL body panels and modesty panel

### MODESTY PANEL FEATURES

- Full height, off-set modesty panel (29" high)
- 14" high modesty panel
  - 14" above the floor on 29" high tables
  - 21" above the floor on 36" high tables
- Modesty panel is centered on all depths except 20" where it is flush to the back.

### SHIPPING

- Table ships unassembled

**Creation Station.**

A generous worksurfaces and multiple storage cubbies give students the space and supplies for artistic exploration.

# Conventional (Teacher) Desk

## Tables & Desks

A traditional desking solution available in multiple configurations for different space and function requirements. Ample below-the-surface storage keeps the desktop clean for teachers, school staff and students.

### FIXED HEIGHT

- 29" high - D-top

### DESK & L-TOP ASSEMBLY

- 30" high - Desk & L-top assembly

### WORKSURFACE

- 1" thick worksurface
- HPL (standard)
- TFL
- Rounded corners; 2" radius

### DRAWERS AND PULLS

- Steel drawer bodies. Full extension slides
- Keyed-alike cylinder locks
- 96mm Arch pull

### CASE

- 3/4" thick TFL body and modesty panels
- Steel base frame

### MOBILITY

- Levelers
- 75mm casters

### LEGS

- Tubular steel fixed-height C-Leg on D-Top
- Short metal legs with levelers attached to perimeter frame on non-mobile solution

### ADDITIONAL FEATURES

- A** 3" grommet in black
- B** Wire management tray in back
- C** Connecting hardware
- D** C-leg fixed height
- E** Legs with levelers
- F** 75mm Casters

### SHIPPING

- D-top and desk ship assembled
- L-top configuration ships as subassemblies with connecting hardware included

## Tables & Desks

### BAG HOOK

Attach bag hook anywhere to Unitized Frame or C-Leg tables and desks without protruding into the aisle.  
Field or factory installed. Specify paint.  
Color match or contrast to table frame finish.  
**Model No. BH1000 List Price: \$16 each**

### BOOK BOX-CLOSED-UNITIZED FRAME

21" or 23"W x 4"H x 15"D  
Use with worksurface sizes 27" or 30"W to keep classrooms tidy (excludes Stacker tables).  
Field or factory installed. Specify paint.  
Color match or contrast to table frame finish.  
27"W - **Model No. BBMT103 List Price: \$106 each**  
30"W - **Model No. BBMT100 List Price: \$106 each**

### BOOK BOX-OPEN-UNITIZED FRAME

21" or 23" W x 4" H x 15" D  
Use with worksurface sizes 27" or 30"W to let light in and keep students' material visible (excludes Stacker tables).  
Field or factory installed. Specify paint.  
Color match or contrast to table frame finish.  
27" Wide - **Model No. BBMT203 List Price: \$130each**  
30" Wide - **Model No. BBMT200 List Price: \$130 each**

### BOOK BOX-CLOSED-C-LEG

18"W x 3.5"H x 15"D  
Use with rectangle or plane worksurface sizes 27" or 54"W.  
Field or factory installed. Specify paint.  
Color match or contrast to table frame finish.  
**Model No. BBMT102 List Price: \$100 each**

### BOOK BOX-OPEN-C-LEG

18"W x 3.5"H x 15"D  
Use with C-Leg with worksurface sizes 27" or 54"W.  
Field or factory installed. Specify paint.  
Color match or contrast to table frame finish.  
**Model No. BBMT202 List Price: \$122 each**

### BOOK BOX-CLOSED-TRIANGLE/DELTA

32"W x 4"H x 22.5"D  
Use with Unitized Frame triangle or Delta worksurfaces (excludes Stacker tables).  
Field or factory installed. Specify paint.  
Color match or contrast to table frame finish.  
**Model No. BBMT101 List Price: \$130 each**

### BOOK BOX-OPEN

32"W x 4"H x 22.5"D  
Use with Triangle and Delta shape worksurface (excludes Stacker tables).  
Field or factory installed. Specify paint.  
**Model No. BBMT201 List Price: \$154 each**

### GRATNELLS TRAY AND RAILS

12.5"W x 3"H x 17"D  
Use transferable trays with unitized frame tables with rectangle or plane worksurface sizes 27" or 30"W (excludes Stacker tables). Rails can be ordered separately.  
Tray and rail color is translucent.  
Field or factory installed. Specify paint.

# Pick the storage that's right for you

Fleetwood has multiple storage solutions. To pick the right one for your school, think through the following questions:

## What's your need?

APPLICATION	PRODUCTS TO CONSIDER
General classroom	Designer 2.0, Illusions 2.0, Sheerline
High mobility	Designer 2.0, Sheerline
Perimeter planning (Architectural built-in alternative)	Illusions 2.0
Blended: mobility and architectural	Blend Designer 2.0 and Illusions 2.0
Space division (short-term)	Designer 2.0
Space division (long-term)	Illusions 2.0
Industrial (i.e. makerspaces, CTE, etc.)	Sheerline, Designer 2.0
Library or media center	Library, Designer 2.0, Illusions 2.0
Music	Harmony
Administration	Designer 2.0, Illusions 2.0, Library (transaction desk)

## What's the look you want?

STYLE	PRODUCTS TO CONSIDER
Classic, timeless	Designer 2.0, Illusions 2.0, Library, Harmony
Industrial, rugged	Sheerline

### DESIGNER 2.0

Broad, safe, mobile storage portfolio that supports spontaneous classroom reconfigurations easily. Goes beyond storage to provide vertical markerboard, magnet-support, and pegboard surfaces. Can also perform as a tabletop. Platformed to work seamlessly with Illusions 2.0 and all Fleetwood tables.

### ILLUSIONS 2.0

Perimeter and space division storage that replaces millwork quickly and economically. Supports compressed footprints, provides long-term flexibility, and eliminates customs via its expansive offering of storage types and sizes. Platformed to work seamlessly with Illusions 2.0 and all Fleetwood tables.

### SHEERLINE

Rugged, industrial strength mobile storage that stands up to abuse in the most demanding classrooms. Blends wood with metal for the perfect sound-absorption and ding resistance combo. Phenolic or butcherblock tops and 5" diameter casters meet high-performance needs.

### LIBRARY

Comprehensive system of modular components provide a clean, holistic environment that moves beyond book storage. Sound-absorptive wood components respond easily to transaction, study, transport, and storage requirements.

### HARMONY

Address visibility, privacy and security needs seamlessly for instruments, uniforms, or sheet music with this solidly built solution that also works beautifully with Fleetwood's other storage options to create music rooms that sing.

# Pick the storage that's right for you

Fleetwood has multiple storage solutions. To pick the right one for your school, think through the following questions:

## AESTHETICS, MOBILITY AND CONSTRUCTION

## Designer 2.0

Clean • Versatile • Core

The clean, refined look of our Designer 2.0 series is timeless – a good thing, since the furniture is built to last a lifetime. Our superior casters make it easy to move and repurpose pieces, while ergonomic edges and anti-tipping mechanisms enhance safety. Abundant aesthetic and functional options – including particleboard, pegboard and magnetic markerboard backs – can be fine-tuned to fit any storage need and budget.

- 100mm locking casters in two-tone gray

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick top and bottom
- 1mm edgeband
- Metal reveal under top

### SHIPPING

- Ships assembled
- Shelf and caster attached

Cubby shelves are shipped to accommodate 3-ring binder height. When delivered, the top cubby opening may be shorter than other cubby heights because of the overall cabinet height restrictions. Cubby shelf height is adjustable in 1" increments, so adjust height to achieve desired cubby sizes. You can also add or subtract cubby shelves to achieve the desired number of compartments.

68"H units and above will have one fixed shelf at 43" from floor.

Cubby width is fixed and equally divided within the unit. To determine cubby width, subtract .75" for each vertical panel from the overall cubby storage width dimension. Take that number and divide by the number of vertical cavities. For example, for a 48"W cubby unit with 3 cubbies will have 4 vertical panels. The cubby width is 15".

See equation below.  
 (Overall width in inches - (#vertical panels x .75"))/3 = cubby width (48 - (4 \* .75))/3 = 15

### DIMENSIONS

# Monitor Hutch

## Designer 2.0

### TOP

- 1" thick
- HPL (Storage)
- TFL (Hutch)
- 3mm edgeband

### BACK

- TFL (default)
- Removable access panel (Hutch only)
- Magnetic markerboard (Hutch only)

### SHELF

- Adjustable
- 100 lb. capacity
- TFL (default)
- Painted metal

### DOOR

- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

### PULL

- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

### MOBILITY

- 100mm locking casters in two-tone gray

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick tops and bottoms
- 1mm edgeband
- Metal reveal under hutch and lower storage top

### SHIPPING

- Ships assembled
- Hutch, pull, shelf, power unit, and caster attached
- Buy monitor, TV, cabling, and mounting hardware from a preferred source
- Purchase Pages mounting kit separately
- Order Pages mounting kit separately

#### NOTE:

Vertical and horizontal internal shelves and dividers are 3/4" thick and reduce usable square inches.

\* Nominal: matches dimensions shown on pricing chart

 **Pages mount kit for monitor cabinet laminate back**  
Includes pegs, hardware and 4 boards.  
**Model Number:** MB210 **List:** \$450  
Field installable. Mounting template included.

### DIMENSIONS

	CASE (WITHOUT TOP)	TOP
<b>Outer width</b>	Nominal*	Nominal plus .19"
<b>Outer depth</b>	Nominal	Nominal plus .08"
<b>Outer height</b>	Nominal less 1"	1"H
<b>Inner width</b>	Nominal less 1.58"	-
<b>Inner depth without doors</b>	Nominal less .99"	-
<b>Inner depth with doors</b>	Nominal less 1.86"	-
<b>Inner height</b>	Nominal less 6.53"	-

# Illusions 2.0

Architectural • Limitless • Futureproof

Get the look and feel of built-in storage solutions without the time and expense. Illusions 2.0 supports perimeter and space-division planning without locking you in – it's easy to move and reconfigure components as your needs change. Multiple sizes and configurations combined with modular flexibility give you near-endless options for personalizing your space.

# Illusions 2.0

## Statement of Line

### BASE SHELF - NO DOORS

Access: 1 side  
Available sizes:  
Width: 15", 18", 24", 30", 36", 42", 48"  
Depth: 20"  
Height: 29", 37"

### BASE SHELF DRAWER - LOCKING DOORS

Access: 1 side  
Available sizes:  
Width: 15", 18", 24", 30", 36", 42", 48"  
Depth: 20"  
Height: 29", 37"

### BASE DIVIDED DRAWER-SHELF - BOX DRAWER - LOCKING DOOR

Access: 1 side  
Available sizes:  
Width: 30", 36", 42", 48"  
Depth: 20"  
Height: 29", 37"

### BASE SINK - LOCKING DOORS

Access: 1 side  
Available sizes:  
Width: 36", 42", 48"  
Depth: 20", 24"  
Height: 24", 29", 37"

### WORKSURFACE SPANNING

Access: 1 side  
Available sizes:  
Width: 48"-120", 3" increments  
Depth: 20", 24", 25"

### TALL SHELF STORAGE - NO DOORS

Access: 1 side  
Available sizes:  
Width: 24", 30", 36", 42", 48"  
Depth: 20"  
Height: 68", 76", 84"

### BASE SHELF - LOCKING DOORS

Access: 1 side  
Available sizes:  
Width: 15", 18", 24", 30", 36", 42", 48"  
Depth: 20"  
Height: 29", 37"

### BASE SHELF DRAWER-FILE DRAWER

Access: 1 side  
Available sizes:  
Width: 15", 18", 24", 30"  
Depth: 20"  
Height: 29", 37"

### BASE DIVIDED DRAWER-SHELF - BOX-FILE DRAWER - LOCKING DOOR

Access: 1 side  
Available sizes:  
Width: 30", 36", 42", 48"  
Depth: 20"  
Height: 29", 37"

## All-around performer

Illusions shines in any school environment – from the art room to the teachers' lounge

### ART ROOM APPLICATION

### TEACHERS' LOUNGE APPLICATION

## Illusions 2.0 Planning Overview

Illusions 2.0 is similar to the initial Illusions Collection, yet it offers you many more options as a specifier and provides an installed solution that has a clean architectural aesthetic. Illusions 2.0 solves for built-in casegood needs and also provides easy and quick installation now and long-term agility. Illusions 2.0 supports both perimeter and space division planning. Let's look at some of the highlights.

Widths: 15", 18", 24", 30", 36", 42", 48"

**Dimensional options:** Illusions 2.0 components allow you to plan in either 3" or 6" wide modules. Heights range from 29"-84" for all of the storage and learning wall applications. The 29" and 37" heights align with Fleetwood table heights. 29", 37", 44" and 68" heights align with Designer 2.0, so you can use these two storage platforms together seamlessly.

Heights: 29", 37", 68", 76", 84"

Learning Wall heights: 68", 76", 84"  
Learning Wall 84" height needs to match cabinet 84" height.

Depths: 14", 20", 24"

20" deep cases support classroom space compression. The 20" depth also aligns with Designer 2.0 depths to further enhance compatibility. If you desire a deeper aesthetic or need to accommodate plumbing or electrical in the back of the cabinet, you can order 1) deeper worksurfaces (24" deep flush-front and 25" deep drip-edge options) with 2) a 4" filler panel that attaches on the end-of-run base cabinet. This will create a 4"D chase behind the cabinet to accommodate piping, HVAC or cable routing.

## Illusions 2.0 + Designer 2.0 + Tables + Seating = Great Classroom Environments

While Illusions works great alone, as called out on the opposite page, its power is multiplied when used in conjunction with Designer 2.0, any Fleetwood table, or any Fleetwood chair solution.

Illusions 2.0 and Designer 2.0 are on the same platform so heights, widths, and depths line up. Fleetwood also redesigned our tables, so they all have 29" and 37" heights and 1" thick tops to match base storage.

All seating is designed to provide the correct ergonomic gap between chair seat height and table underside.

Plus, everything is offered in the coordinating surface materials to create a unified aesthetic throughout the classroom.

## How to use Illusions 2.0

### TRADITIONAL PERIMETER-BASED PLANNING

Illusions 2.0 works like built-in cabinetry, but it reduces installation cost and time, plus it gives you long-term flexibility. Use the space efficient 20" depth or the more traditional 24" or 25" depths to create a custom look.

While traditional built-ins usually only offer shelves with doors, Illusions 2.0 wide breadth of line also provides cubby, drawer, tray and other storage options.

### SPACE DIVISION

Create semi-permanent room division where Illusions 2.0 either juts out or stands independent from walls. Change your mind? Just elevate the levelers and use concealed casters to easily roll Illusions 2.0 to its next home.

### LEARNING WALL LAYERED APPROACH

Place display monitors, markerboards, and storage in one easy to access unit that optimizes teaching methods and floorspace. Objects tuck efficiently behind sliding boards for easy access without clutter.

Because base cabinets can be 29" or 37" high, both kindergartens and high schoolers can comfortably reach markerboards. Media hutches work with 14" or 20" deep base storage.

### EFFICIENT USE OF SPACE

As classroom sizes shrink, employ Illusions 2.0 to maximize vertical and horizontal real estate. Units reach up to 84" high and can be as narrow as 14" deep.

### TECHNOLOGY BLEND

Maximize flexibility as students shift between lecture and project work. After teacher-led instruction or demonstration, students can roll Pages markerboard system to group tables or shift their tables to the digital display to enable teamwork.

## Understanding Illusions 2.0 components

### MODULAR COMPONENTS

- A** - Base cabinet
- B** - Base corner filler
- C** - Matching-width worksurface – matches width of underlying cabinet  
Matching-width backsplash – matches width of underlying cabinet
- D** - Spanning worksurface – covers multiple base cabinets up to 120"W
- E** - Spanning backsplash – used in conjunction with spanning worksurface to cover single base cabinets (i.e. if hutch is used) or multiple cabinets
- F** - Overhead storage units
- G** - Overhead corner filler
- H** - Hutch
- I** - Tall storage
- J** - Side filler
- K** - Tall storage filler

## Assembled modular components

### CABINETS

**All cabinets** feature .75" thick TFL laminated particleboard with 1mm matching edgeband. Cases feature camlock construction and ship assembled. Cabinets are 14" and 20" deep with optional 24" and 25" deep solutions. Storage ranges from 15" to 96" wide based on function. They are designed to support planning in 3" or 6" wide modules. Most cabinets feature counterbalance weights and false bottoms. 4" levelers or leveler/caster combination hardware is under the false bottom. The false bottoms feature two back holes so rear levelers can be easily adjusted. Front levelers are adjusted by accessing the gap between the front of the case and floor.

**Base cabinets** are standard without a top and have metal stretchers. The front stretcher also serves as a decorative reveal.

**Tall cabinets, hutches and wall-hung units** have a decorative metal stretcher in the front with a 1" thick TFL top.

**Back panels, side panels and case fronts** feature TFL laminate on both sides with 1mm edgebanding matched to case color.

**Toe kicks** are 4" high and match case finish. They can be attached to cove molding. The 4" height creates alignment with the base of Designer 2.0 cases.

**Shelving** is standard in TFL laminate. Units may have either or both fixed and adjustable shelving. Adjustable shelving features discreet mounting hardware that can be adjusted in 1"H increments. Both fixed and adjustable shelves may be optioned in metal. Additional adjustable shelves can be ordered for cabinets offering this option.

In addition to a full line of shelving, drawers, trays, lockers and other cases, sink cabinets are available. Sink cabinets come with a diagram showing allowable sink cutout area. Sink and plumbing hardware are not included.

**14"D bookcases** are available to complement 20" deep cabinets. The 6" offset is part of the design intent of the line. No fillers are available for the bookcases. They should be physically connected to other Illusions 2.0 cases during installation using through bolt connectors. 14" deep bookcases may be used with or without the 20" deep storage cases. Connect 44" high and taller units to the wall to prevent accidental tipping.

**Double-sided bookcases** are also available for use away from the wall. These bookcases are used in conjunction with end cap bookcases that finish off the end of a run.

**Connecting multiple cases:** Standard bolt through connectors ship with each case at no additional charge for field

installation. Optional quick-connect brackets are also available to secure base cabinets together.

**Fillers** are designed to conceal gaps between the cases and wall. Fillers are .75" thick TFL with 1mm edgebanding. In some cases, installers may want to cut the fillers to size. Multiple types of fillers are available (side, tall, front, corner). To understand fillers better, see "Filler basics."

### WALL-HUNG CABINETS AND HUTCHES

Wall-hung cabinets include a metal wall-mounting cleat for securing cabinets. Scribe a line across bottom of cabinets and secure cleat at proper height to hang the cabinet.

If lighting is desired under a hutch or wall-hung cabinet, we recommend lowprofile LED lights.

Use hutches on the top of either 29" or 37" high cabinets to align with 68", 76" or 84" high tall storage. Select your hutch height by subtracting the tall storage height from the base cabinet height (with worksurface).

Two types of hutches are available – hutches with 14" deep tops and hutches with 20" deep tops. The 20" deep top hutches are for use with sliding markerboard assemblies.

Hutches are mounted to the worksurface to align with anti-tipping standards. Never set the hutch on top of the worksurface without securing the two units with Fleetwood-supplied hardware. Hutches are designed for analog storage, markerboard use or digital display.

Hutches are designed to align with the back of the worksurface. They do not require fillers. Do not place a backsplash behind a hutch unit. If a hutch is sandwiched between two tall towers, it may be mounted flush with the front of 20" deep cabinets.

This will provide easy access to contents or improved monitor visibility. When facing a hutch front, the hutch end panel should be directly above the base cabinet's end panel. If this cannot be achieved, keep hutch end panel within 6" of the base cabinet end panel.

## Worksurfaces and backsplashes

You'll notice that the base cabinet does not include a worksurface. You can specify a worksurface to match individual cabinet depth and width, or you can choose a spanner top, which will cover multiple cabinets up to 120" in length for an even cleaner, more refined aesthetic. To support future reconfigurations, units with spanning tops can still be disassembled and easily moved to new locations. If matching-width worksurfaces are optioned onto base units, the tops will be factory installed. If spanning worksurfaces are selected, the tops will be field installed.

All worksurfaces are 1" thick with HPL laminate on the top and backer underneath. All have 3mm edgeband. NOTE: All Fleetwood tables and desks now feature 1" thick worksurfaces to align with Illusions 2.0 and Designer 2.0. Matching-width worksurfaces may be optioned onto the base cabinet when ordering. They are factory-installed and may be selected with or without a backsplash, which is also factory installed. Matching-width worksurfaces simplify moving when reconfiguring Illusions 2.0. NOTE: Matching-width worksurfaces will create a seamline between units. This is not advisable in situations where water might be used. It will also make cleaning more difficult due to crevices between cases.

Spanning worksurfaces up to 120" wide can span multiple base cabinets and are available in 3" wide increments. They are ordered separately from the base cabinet. Use spanning worksurfaces with or without a backsplash (see below for more information on backsplashes). They also can be field cut to size. Calculate total length needed to cover all base cabinets. Spanning worksurfaces should start and end on the edge of a base cabinet. One exception: If a wall-to-wall fit-up is desired, order an extra-wide spanning worksurface to fill the gap between the cabinet and wall. The spanning worksurface may need to be field cut if the desired length is not on a 3" increment. Specify a front filler to fit under the worksurface.

Spanning worksurfaces, available in 20", 24" and 25" depths, can be unsupported between base cabinets in lengths up to 48" to create a knee space for desking applications. If this is not desired, bridge worksurfaces or desks may be used. 24" and 25" deep worksurfaces create a 4" gap between the back of the 20" deep base cabinet and wall to accommodate power, data and plumbing. To keep the chase open, only use filler panels on the end-of-the-run if 4" gap is visible. Filler panels close the distance from back of cabinet to wall. (See FILLER BASICS for a better understanding of fillers.)

After installing worksurfaces, field install grommets in worksurface.

Worksurface bridges in widths from 30"-48" can be placed between base cabinets with individual tops to create knee space. These worksurfaces can be height adjusted to support smaller children or ADA needs.

Backsplashes are optional on worksurfaces with matching width worksurfaces and must be ordered separately with spanning worksurfaces. Backsplashes on matching-width worksurfaces are attached to the worksurface in the factory. Field-installed backsplashes must be field-glued to the wall and worksurface. (Glue not provided.)

Spanning worksurfaces and backsplashes are available in 3"W increments. Backsplashes can be field cut to size.

**MATCHING WIDTH WORKSURFACE WITH OPTIONAL BACKSPLASH**

**SPANNING WORKSURFACE WITH SEPARATELY SPECIFIED BACKSPLASH**

## Illusions 2.0 Planning Overview

### CASE CONNECTIONS

While Fleetwood's patented quick-connect brackets work with both spanning worksurfaces and matching-width worksurfaces, the brackets cannot hold a cabinet's suspended weight. They are for location and alignment and are optional. Field installable through bolt connectors ship standard with every base cabinet and lock cabinets together.

Quick-connect brackets

Through bolt connectors

### MOBILITY

Illusions 2.0 offers two mobility options. 4" high levelers are standard in the base unit. These units can be easily moved with a dolly. If you desire more agility, you can option on a caster/leveler combo solution. In this case, you will be able to roll the unit on casters to its destination. Level the case in its final position. All units feature a 4" high base, which aligns with the height of Designer 2.0 casters to achieve a cohesive, unified look.

### PULL HARDWARE

Illusions 2.0 and Designer 2.0 offer the same pull and hinge options for aesthetic compatibility of the two lines.

### FILLER BASICS

**Side fillers** close the gap between the back of the base cabinet and wall. These are 4" deep, and no field cutting should be required unless walls are not square to the floor. Use side fillers in end-of-run applications when a gap is visible on the side of the cabinet.

**Tall fillers** are a variant of the side filler used with base cabinets. They are used with towers and wardrobe type storage (68" to 84" high), which include an optional 24" deep top. The side panel for the tall filler extends the full height of the unit (minus the top). This allows tall storage fronts to be flush with 24" deep base storage.

**Front fillers** close the gap between the front of the cabinet and the adjoining wall. They are field cut to account for architectural wall variances. They conceal power, data and plumbing from view. Front fillers are flush with the toe kick when installed. Use front fillers with extended width spanning worksurfaces. Order the worksurface so it spans the gap between the cabinet and the wall.

**Corner fillers** (base and wall hung) are engineered to prevent adjacent doors from touching each other when opened. These fillers are 3-dimensional and include tops, but do not provide any storage. Corner fillers are required in all 90-degree planning situations.

**SIDE FILLER**

**TALL FILLER**

**FRONT FILLER**

**CORNER FILLER**

## SPECIFICATION STEPS

1. Determine your desired depth: 20", 24" or 25" deep.
2. Choose your desired 20" deep base cabinets and layout. If you plan to use 24" or 25" deep worksurfaces, move units 4" out from the wall. Remember to add options like quick-connect hardware and caster/leveler combination options, if desired.
3. Order your desired worksurface depth. If you are using 20" deep worksurfaces, no side fillers are needed. If you are using 24" or 25" deep worksurfaces, plan to address these as your final step. You might also want to wait to order backsplashes, as hutches will interfere with them. If you are using 14"D bookcases, no worksurface is specified. All bookcases come with a 1" thick top, but no spanning bookcase tops are offered currently.
4. Select your upper storage. Choose from wall-hung cabinets or hutches.
5. Choose your tall storage and bookcases to complete your configuration. Again, if you have selected 14" or 20" deep, you will not need fillers. If you have selected 24" or 25" deep units, you might need fillers if bookcases are not at the end of run.
6. Review the final application for fillers that will be needed on exposed end-of-runs or on the fronts of units if a snug wall fit-up is desired. Review the application and add desired optional backsplashes.

## SPECIFICATION TIPS

**Measure with Care.** Be sure to account for such obstacles as fire suppression ceiling fixtures, light switches, phones, intercoms, fire extinguishers, baseboards, windows, heating/cooling vents and exposed plumbing fixtures/pipes as you determine the space for furnishings. Measure twice, cut once applies to anything field cut – like base fillers, backsplashes and grommets. Freestanding away from the wall? Consider your storage application – will furnishings remain stationary against the wall or will they be used to separate space in your room? Illusions 2.0 may be used to accomplish space division because the backs are finished. Be sure to secure the product in alignment with local codes, which may require the product to be secured to the floor. However, you also might want the flexibility of mobile Designer 2.0 units (which will also facilitate quick reconfigurations).

**Keep it Clean.** Using the same size width for base, hutch and wall-hung storage will create a clean, eye-appealing look.

**Be Budget-Wise.** Open cabinets are most economical. Add doors and drawers where necessary. Other ways to lower your costs include using:

- levelers versus leveler/caster option
- spanning tops versus independent tops
- backsplash-free solutions
- lower-height solutions (i.e., 76" high vs. 84" high)
- wider versus narrower cabinets

**Different by Design.** Design and depth changes in Illusions 2.0 base cabinets do not allow for connection to base cabinets from our legacy Illusions Collection. If you are adding on to our legacy Illusions Collection, please see Fleetwood's legacy price list.

## Application ideas

14" deep bookcases team with a 14" deep media hutch for a space-saving solution.

20"D base cabinets are teamed with 14"D shelving and media hutches to create a functional wall assembly.

Doored-storage units team with a media hutch to create a clean, secure storage and display space.

14"D and 20"D storage are teamed together, resulting in easy-access storage with generous worksurface areas.

Media displays, markerboards and analog storage solutions combine to provide a multi-dimensional classroom solution.

Wall-hung overhead storage units teamed with spanning worksurfaces with backsplashes add additional workspaces in the classroom.

A wide variety of storage units come together to create a unique storage wall in this art room environment.

Illusions 2.0 desking units join with storage to create great individual focus areas for students away from normal classroom activities.

# Base Shelf

## Illusions 2.0

### WORKSURFACE

- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1" thick worksurface and backsplash
- 3mm edgeband

### SHELF

- Fixed and adjustable
- 35 lb. to 100 lb. capacity depending on width
- TFL (default)
- Painted metal

### DOOR

- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

### PULL

- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

### MOBILITY

- 4" leveler (default)
- Leveler/caster assembly
- Height adjustment features concealed

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases (default)
- Quick connect assembly

### SHIPPING

- Ships assembled
- Matching width worksurface, pull, shelf, leveler, and caster attached (as applicable)

# Base Drawer

## Illusions 2.0

### WORKSURFACE

- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1" thick worksurface and backsplash
- 3mm edgeband

### DRAWER

- Steel drawer bodies
- Full extension slides
- Keyed alike cylinder lock
- Unique lock per drawer
- 50 lb. capacity - box drawer
- 150 lb. capacity - file drawer

### DOOR

- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

### PULL

- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

### MOBILITY

- 4" leveler (default)
- Leveler/caster assembly
- Height adjustment features concealed

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases (default)
- Quick connect assembly

### SHIPPING

- Ships assembled
- Matching width worksurface, pull, shelf, leveler, and caster attached (as applicable)

### DIMENSIONS

<b>Inner depth with doors</b>	Nominal less 1.82"	
<b>Inner height</b>	Nominal less 6.53"	

NOTE:  
Vertical and horizontal internal shelves and dividers are 3/4" thick and reduce usable square inches.

\* Nominal: matches dimensions shown on pricing chart

### WORKSURFACE

- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1" thick worksurface and backsplash
- 3mm edgeband

### TRAY RAIL AND TRAY

- Gratnells brand
- Translucent
- 3" high tray (default); other sizes available
- Tray rails installed in set increments

### DOOR

- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

### PULL

- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

### MOBILITY

- 4" leveler (default)
- Leveler/caster assembly
- Height adjustment features concealed

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases (default)
- Quick connect assembly

### SHIPPING

- Ships assembled
- Matching width worksurface, pull, tray, leveler, and caster attached (as applicable)

## SPECS

### Base Tray Illusions 2.0

#### SPECIFICATION REQUIREMENTS AND OPTIONS

WHAT TO ORDER	STANDARD	OPTIONS	UPCHARGE/DEDUCTION
MODEL NUMBER	see chart		
CASE	TFL G1	Specify color. Edgeband is color matched to case color	
PULL	Arch, chrome	Metro or Urban. Select color	see pricing chart
MOBILITY	Levelers	Leveler/caster (concealed) Leveler/caster not available on 15" and 18" wide cabinets"	+\$60
CASE TO CASE CONNECTION	Through bolt connector	Quick connect assembly	+\$60
WORKSURFACE	No Worksurface	Matching width worksurface- (1) select with or without backsplash, (2) select depth: 20", 24", 25" deep, (3) select color for HPL-G3(default) or HPL-G5. Edgeband is color matched to worksurface color. Contrasting edgeband - select color.	see pricing chart
		Spanning worksurface, spanning width backsplash (both ordered separately)	
REVEAL	Metal	Select paint color.	
ACCESSORIES	None	Additional trays and/or lids When using 24" or 25" deep worksurfaces, order base storage side filler. For instructions on how to use fillers, see the planning overview.	

Note: 20" Case can use 20", 24" or 25" deep worksurface  
24" D case can use 24" or 25" deep worksurface

# Worksurface Bridge

## Illusions 2.0

### WORKSURFACE

- No worksurface (default). Rails only.
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
- 1" thick worksurface and backsplash
- 3mm edgeband
- Metal stretcher under back edge
- Metal reveal under front edge
- Connecting hardware included

### SHIPPING

- Worksurface ships separate from hardware
- Field assembled

### SPECS

## Worksurface Bridge Illusions 2.0

### SPECIFICATION REQUIREMENTS AND OPTIONS

WHAT TO ORDER	STANDARD	OPTIONS	UPCHARGE/DEDUCTION
MODEL NUMBER	see chart		
WORKSURFACE	Rails only	Select paint color. Matching width worksurface - (1) select with or without backsplash, (2) select depth: 20" 24" 25" deep, (3) select color for HPL G3(default), HPL G5 or Chem Resistant HPL. Edgeband is color matched to worksurface. Contrasting edgeband - select color. HPL G5 - provide laminate manufacturer, color name, color number and finish code. Select Fleetwood edgeband. Chem Resistant HPL in black with black edgeband.	See pricing chart

### Support rails

# Worksurface Spanning

## Illusions 2.0

### SPECS

## Worksurface Spanning Illusions 2.0

### SPECIFICATION REQUIREMENTS AND OPTIONS

WHAT TO ORDER	STANDARD	OPTIONS	UPCHARGE/DEDUCTION
MODEL NUMBER	see chart		
WORKSURFACE	Rails only	Select paint color. Matching width worksurface - (1) select with or without back-splash, (2) select depth: 20", 24" 25" deep, (3) select color for HPL G3(default), HPL G5 or Chem Resistant HPL. Edgeband is color matched to worksurface. Contrasting edgeband - select color. HPL G5 - provide laminate manufacturer, color name, color number and finish code. Select Fleetwood edgeband. Chem Resistant HPL in black with black edgeband.	See pricing chart

#### WORKSURFACE

- HPL (default)
- Chem resistant HPL
- Phenolic resin
- 1" thick
- 3mm edgeband
- Use with or without backsplash (available separately)
- 20" deep supports footprint compression
- 24" deep supports traditional planning
- 25" deep provides 1" drip edge
- 24" and 25" deep worksurfaces require 4" side filler at end-of-run to conceal power/cable/plumbing egress
- Connecting hardware included

#### SHIPPING

- Worksurface ships separate from hardware
- Field assembled to base storage

# Worksurface Backsplash

## Illusions 2.0

### BACKSPLASH

- HPL (default) with neutral-colored balancing backer
- Chem resistant HPL
- Phenolic resin
- 1" thick, 4" high
- 3mm edgeband
- No mechanical attachment to spanning worksurface
- Glue to wall; caulk to worksurface in field
- Do not use under hutch
- Intended for perimeter planning application; not for space division

### SHIPPING

- Backsplash ships separate from hardware
- Field assembled to wall and worksurface

### SPECS

# Bookcase

## (Base and Tall)

### Illusions 2.0

#### WORKSURFACE

(for 24", 29" and 37" high bookcase)

- 1" thick
- HPL
- 3mm edgeband

#### TOP

(for 44", 68", 76" and 84" high bookcase)

- 1" thick
- TFL
- 3mm edgeband

#### SHELF

- Fixed and adjustable
- 50 lb. to 100 lb. capacity depending on width
- TFL (default)
- Painted metal

#### MOBILITY

- 4" leveler (default)
- 44" high and above must attach to wall

#### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal reveal in top front
- Through bolt connector to join adjacent cases
- 24", 29" and 37" high bookcases accept hutch and monitor hutch when attached to wall
- Single-sided and double-sided bookcases offered; end cap bookcase available for double-sided application

#### SHIPPING

- Ships assembled
- Matching width worksurface, shelf and leveler attached (as applicable)

#### DIMENSIONS

	TALL STORAGE AND BOOKCASES
<b>Outer width</b>	Nominal*
<b>Outer depth</b>	Nominal
<b>Outer height</b>	Nominal
<b>Inner width</b>	Nominal less 1.58"
<b>Inner depth without doors</b>	Nominal less .95"
<b>Inner depth with doors</b>	Nominal less 1.82"
<b>Inner height</b>	Nominal less 6.53"

NOTE:  
Vertical and horizontal internal shelves and dividers are 3/4" thick and reduce usable square inches.

\* Nominal: matches dimensions shown on pricing chart

## Illusions 2.0

### TOP

- 1" thick
- TFL
- 3mm edgeband

### SHELF

- Fixed and adjustable
- 35 lb. to 100 lb. capacity depending on width
- TFL (default)
- Painted metal

### DOOR

- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

### PULL

- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

### MOBILITY

- 4" leveler (default)
- Leveler/caster assembly assembly (68"H only)
- Concealed height adjustment features

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal reveal in top front
- Through bolt connector to join adjacent cases

### SHIPPING

- Ships assembled
- Pull, shelf, leveler and caster attached (as applicable)

# Tall Cubby

## Illusions 2.0

### TOP

- 1" thick
- TFL
- 3mm edgeband

### SHELF

- 35 lb. capacity
- TFL (default)
- Adjustable
- Painted metal

### MOBILITY

- 4" leveler (default)
- Leveler/caster assembly (68"H only)
- Concealed height adjustment features

### CASE

- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal reveal in top front
- Through bolt connector to join adjacent cases

### SHIPPING

- Ships assembled
- Leveler and caster attached (as applicable)

Cubby shelves are shipped to accommodate 3-ring binder height. When delivered, the top cubby opening may be shorter than other cubby heights because of the overall cabinet height restrictions. Cubby shelf height is adjustable in 1" increments, so adjust height to achieve desired cubby sizes. You can also add or subtract cubby shelves to achieve the desired number of compartments.

68"H units and above will have one fixed shelf at 43" from floor.

Cubby width is fixed and equally divided within the unit. To determine cubby width, subtract .75" for each vertical panel from the overall cubby storage width dimension. Take that number and divide by the number of vertical cavities. For example, for a 48"W cubby unit with 3 cubbies will have 4 vertical panels. The cubby width is 15".

See equation below.  
 $(\text{Overall width in inches} - (\# \text{vertical panels} \times .75)) / 3 = \text{cubby width}$   
 $(48 - (4 \times .75)) / 3 = 15$

## DIMENSIONS

# Filler - Side, Tall, Front

Illusions 2.0

**BASE STORAGE  
SIDE FILLER**

**TALL STORAGE  
SIDE FILLER**

**BASE STORAGE  
FRONT FILLER**

**BASE STORAGE  
FRONT FILLER  
(Shown in  
application)**

## BASE STORAGE FILLER

- TFL
- 1mm edgeband
- Connecting hardware
- Use for end-of-run application with 24" or 25" deep worksurfaces

## TALL STORAGE FILLER

- TFL
- 1mm edgeband
- H-shaped structure used with 24" deep tall storage; select 24" deep option on tall storage for 24" deep top
- Connecting hardware
- Use when tall storage application results in gap between cabinet and wall
  - Next to base storage with 24" or 25" deep worksurface
  - End-of-run
- If hutch butts up against side of tall tower, hutch fills gap instead of filler

## BASE FRONT FILLER

- TFL
- 1mm edgeband
- Connecting hardware
- Use when wall-to-wall fit-up is desired when facing application
- Field cut to desired size
- Select spanning top to fill gap created by front filler
- Spanning top field cut if gap is not on 3" module
- Custom worksurface sizes also available for use with front filler

## SHIPPING (ALL FILLERS)

- Ship ready to assemble

## SPECIFICATION REQUIREMENTS AND OPTIONS

# Sheerline

Strong • Smart • Stylish

Sheerline storage blends wood and steel for an urban, industrial look that complements any classroom design. Smooth steel perimeter frames and shelves stand up to the most demanding environments, including science spaces. Doors and drawers are engineered for superior utility and durability. Large, industrial casters make pieces easy to move yet incredibly stable.

36.5"W x 24"D

36", 42", 48", 60" or 72"H

Adder:

35.5"W x 24"D

36", 42", 48", 60" or 72"H

### MOBILE SHELVING - DOUBLE SIDED

Available sizes:

36.5"W x 24"D

36", 44", 48" or 60"H

### MOBILE BOOK TRUCK

Available sizes:

36"W x 18"D

40.5"H

### MOBILE BOOK BROWSERS

4 or 6 book bins

Available sizes:

30" or 41.5" wide x 29" or 30" deep

26" or 31" high

### TRANSACTION DESK

Transaction counters, corner fillers, under desk storage, book returns, book carts

Available sizes:

48" to 84"W x 30"D x 30"H desk

30"W x 30"D x 30"H corner fillers

24"W x 20"D x 26"H under worksurface fillers

36"W x 30"D x 30"H book returns

32.5"W x 20"D x 20"H book drop cart

24" to 48"W x 10"D x 10"H transaction counters

See page 126

### CARREL

Available sizes:

36"W x 30"D

38" or 48"H

See page 132

### SPECIFICATION REQUIREMENTS AND OPTIONS

WHAT TO ORDER	STANDARD	OPTIONS	UPCHARGE
MODEL NUMBER	see chart		
CASE MATERIAL	TFL G1	Select color. Edgeband is color coordinated to case color.	
SHELF	see options	1" laminate. Matches case color.	see pricing chart
		Metal. Select paint color	see pricing chart
		1" reinforced laminate. Matches case color	see pricing chart
ACCESSORIES	None	No other option	

Note: Starter and Adder model numbers will have a 3 character code appended to model number in space planning software. The first 2 characters indicate position of the starter or adder in the run and the third character indicates the shelf material

#### SHELVING POSITION

SA	Starters - Stand Alone = the shelving unit will be a single unit, not adders units attached
BR	Starters - Beginning of Run = the shelving unit will have adders attached
MR	Adder - Multiple Run = several adders will be connected to each other
ER	Adder - End of Run = adder unit that completes the shelving run.

#### SHELF MATERIAL

CODE	
L	Laminate
S	Metal
R	Reinforced laminate

# Seating

Comfortable ▪ Energizing ▪ Cool

Fleetwood seating collections are developed to comfortably support students while encouraging healthy movement that helps improve engagement and learning. Our chairs are made for a wide range of kids' bodies and all sorts of school settings, from the classroom to the cafeteria. They're also pretty cool – distinctive, colorful and oh-so-inviting.

# Evoke

## Seating

Based on a simple platform – a single, integrated back and seat in a solid shell with no ribs – Evoke is easy to use, easy to clean and easy to love. It can go almost everywhere, from the classroom to the cafeteria and back again. It's available in an eye-popping range of colors. And it provides comfortable, intuitive, ergonomic support that helps kids focus on learning.

**STACKER**

**CASTER**

**REVERSE CANTILEVER**

**STOOL**

**TASK**

**TASK STOOL**

## The Shell

Three shell sizes accommodate all age groups and body types. A flexing back provides passive ergonomic support. There are no ribs or seams to collect dirt and debris. Heavy-duty, recyclable, poly construction with anti-fade, blush-free characteristics. Patent-pending handle with integrated backpack hook holds 50 pounds.

## The Base

All leg bases are 1" diameter painted heavy-gauge steel. All chairs feature a molded-in, metal-to-metal shell connection. Stacker boasts pivoting, multi-surface glides with bumper. The reverse cantilever has a protective auto-stop device so desktops stay pristine.

## A Hook in the Handle

The patent-pending handle in the back shell features a built-in hook to keep backpacks off the floor and improve flow time as students travel from class to class. The cutout also provides a convenient handhold when moving the chair.

# Evoke

## Statement of Line

### Stacker

Stacks up to 10-high, features 3 shells in 5 heights, and boasts multi-surface nylon swivel glides with protective bumpers.

- SMALL SHELL**

# Rock Seating

Rock active stools elevate learning by promoting body movement and student engagement. The unique, patent-pending seat design encourages the kind of motion that turns tired, distracted students into active learners. Sturdy backless design, age-appropriate height options and gentle seat contours improve blood circulation, posture, attentiveness and eye-to-eye interaction.

## ON THE MOVE

Most students can't sit still – nor should they. Rock enables kids to change posture more frequently, in natural, healthy ways that don't disrupt classroom learning.

# Soft Rock Seating

Like the Rock stool, this fully upholstered seating solution is designed to encourage students to move in ways that naturally focus attention and engagement. It can be equipped with a special base that allows an even wider range of motion. Soft Rock is available in multiple heights to suit different body sizes and create a varied visual landscape.

## STOOL

- Soft foam on top section for user comfort
- Dense foam in body for support

# Accessories

Easy ■ Economical ■ Efficient

Fleetwood rounds out its school furniture offering with easy-to-use presentation tools for sharing and collaborating, whether in front of a classroom or a school board. Their long service life makes them more cost-effective and environmentally friendly than paper-based solutions, and – like all Fleetwood products – they're built to move.

We also celebrate our long-standing relationship with Gratnells trays. If you need additional trays, you'll find them here.

# Pages™ Dry Erase Markerboard System

## Accessories

Take collaboration to a new level with lightweight, stackable whiteboards that work individually or mount in multiples to mobile carts, cabinets and walls (either horizontally or vertically). Boards are made of durable, high-pressure laminate and have magnetized corners and brackets that easily click together and pop apart.

### FIXED HEIGHT OPTIONS:

- 62" (vertical)
- 72" (horizontal)
- 72" (vertical)

### PANELS

- 4 dry erase panels included with mobile carts and kits
- Each panel is .5" thick
- Pen and eraser tray
- Magnetic pull & attachment bracket
- Constructed of dry erase HPL mounted to foam core
- Each panel weighs 3.75 lbs.

### FRAME

- Steel frame cart options:  
Vertical  
Horizontal

### MOBILITY

- 75mm casters - locking - all legs
- Cabinet mounting kits for steel
- Cabinet mounting kits for laminate
- Drywall mounting kit

### SHIPPING

- Dry erase boards ship with 4 boards per box
- Frame subassemblies ship stacked together
- Horizontal legs ship together
- Trays ship stacked together
- Caster stems installed on legs
- Casters field installed

# Finishes

Inspiring ■ Biophilic ■ Unifying

We've expanded our color palette to incorporate more hues inspired by nature, which are proven to help improve learning outcomes. All laminates are from open lines, making it easy to match existing product from other sources.

# Laminate Options

## Contemporary Laminates

All new finishes will be available on Fleetwood products 1/1/23.

Additional laminate and edgeband options as well as epoxy resin worksurfaces are available as special order.

This price list contains printed representations of laminate, edge, and paint colors. Colors may differ from actual product; please refer to actual samples before ordering.

## Classic Laminates

## Specialty worksurface options

White Markerboard  
When using Markerboard, we suggest selecting an edgeband color that matches adjoining laminates or paints.

Black Chemical Resistant HPL

Black Chemical Resistant Phenolic Resin

Solid Maple Block

# Edgeband Options

## Matched Edgebands for Contemporary Laminates

## Matched Edgebands for Classic Laminates

## Accent Edgeband

## Paint Matched Edgebands

All new finishes will be available on Fleetwood products 1/1/23.

Additional laminate and edgeband options as well as epoxy resin worksurfaces are available as special order.

This price list contains printed representations of laminate, edge, and paint colors. Colors may differ from actual product; please refer to actual samples before ordering.

## Paint Options

Markerboard White  
Markerboard paint is available on metal markerboard surfaces only.

Silver

Graphite

Black

Greige

## Evoked Chair Shell Color Options

Mushroom

Battleship

Black

Greige

Sunny Side Up

Dragon Fire

Candy Apple

Robin

Cornflower

Catalina

Fresh Cut

Nori

This price list contains printed representations of laminate, edge, and paint colors. Colors may differ from actual product; please refer to physical swatches before ordering.

## Fabric Options

Bold, bright, biophilic Silvertex® fabrics for our Soft Rock seating line expand aesthetic possibilities and beautifully withstand years of daily use.

Sterling

Carbon

Lemoncello

Bazaar

Imperial

Borscht

Turquoise

Marine Blue **NEW**

Blackberry

Creme DeMenthe

## FINISHES

We take great pride helping you make your school unique and appealing. Our newest standard laminates, paints and fabrics were carefully selected to provide fresh colorways that stimulate engagement. We also team with top surface material manufacturers to create your personal statement from their extensive standard palettes. Or, for functionality and durability, choose markerboard, phenolic resin or maple block options.

## LAMINATE GRADING SYSTEM

All Fleetwood storage products, desks and tables are available in three grades of laminate with the exception of our wood frame science tables. The three laminate grades are shown below. For pricing on G5 to be applied, specify a minimum of 25 units.

	Grade 1 (G1)	Grade 3 (G3)	Grade 5 (G5)**
Laminate Type	Thermally Fused Laminate (TFL)	High Pressure Laminate (HPL)	High Pressure Laminate (HPL)
Finish	A Good Book Aqua Lagoon Battleship Black Blackbird Cafe Sienna Candy Apple Catalina Catching Fireflies Cavalcade South Charcoal Matrix Concord Grape Cornflower Dragon Fire Fresh Cut Fusion Maple Gray Gray Matrix Greige Honey Maple Island Light Oak Macchiato Magnolia Moroccan Mushroom Natural Rift Nori Oiled Cherry Planetree Maple Robin Rugged Trail Santa Rosa Plum Tree Summer Vacation Sunbeam Sunny Side Up Taupe Trytoo Savatre White Wrought Iron	A Good Book Aqua Lagoon Battleship Black Blackbird Cafe Sienna Candy Apple Catalina Catching Fireflies Cavalcade South Charcoal Matrix Concord Grape Cornflower Dragon Fire Fresh Cut Fusion Maple Gray Gray Matrix Greige Honey Maple Island Light Oak Macchiato Magnolia Moroccan Mushroom Natural Rift Nori Oiled Cherry Planetree Maple Robin Rugged Trail Santa Rosa Plum Tree Summer Vacation Sunbeam Sunny Side Up Taupe Trytoo Savatre White White Markerboard* Wrought Iron	Any standard Wilsonart HPL laminate in either a #38 Fine Velvet Texture or #60 Matte finish. Specify desired Wilsonart laminate color and finish level (#38 or #60).  #38 Fine Velvet Texture - A smooth textured finish with moderate reflective value. Recommended for horizontal and vertical applications.  #60 Matte - Textured finish with moderate reflective quality. Recommended for horizontal and vertical applications.  www.wilsonart.com

\* If markerboard is desired on cabinet exterior, please call for quote. Another laminate will be used on interiors, shelves, etc.

\*\* Fleetwood standard edgeband options are automatically paired with G5 laminate materials.

Contact your Fleetwood Learning Environment Project Coordinator for laminate edgeband color matching options.

## CARE AND MAINTENANCE

### CARE OF LAMINATE, METAL, PLASTIC FINISHES AND CHEMICAL RESISTANT PHENOLIC RESIN WORKSURFACE

Wipe product with a damp cloth to remove general soil and water-borne stains. If needed, use a nonabrasive, all-purpose cleaner suitable for hard surfaces such as Soft Scrub®, Windex®, Glass Plus®, Formula 409®, Fantastic®, or Mr. Clean® followed by a clean water rinse and dry immediately. Abrasive or harsh chemicals may discolor or mar the finish. Also, avoid abrasive cloths and sponges like Mr. Clean® Magic Eraser. Remove water spills immediately. Do not place heat producing items directly on laminate or chemical resistant phenolic resin surfaces as it may mar the finish. To sanitize surfaces, use a disinfecting, disposable wipe cloth like Clorox®.

### CARE OF MAPLE BLOCK WORKSURFACES

Dust with a cloth slightly dampened with water. Clean tops with warm, soapy water and dry with rag or towel to remove any standing water on surface. Furniture wax can be applied periodically to bring back some of the luster which may be lost over the years.

Maple block is a natural material. Variations in grain and color are part of its natural character. Wood products will develop a beautiful patina over time which will modify its initial color. Exposure to sun will accelerate this process. Keep wood products at a relatively constant temperature and humidity.

### CARE OF PAGES™ MARKERBOARDS AND WHITE MARKERBOARD SURFACES

Use non-toxic dry erase markers and microfiber cloths to erase. Clean the boards with soap and water only, using a lint-free soft cloth. Avoid harsh chemicals, especially ones that contain ammonia that will damage the finish.

### CARE OF EDGEBAND

Use a mild liquid detergent. After cleaning, wipe the edges with a cloth dampened with warm water and dry immediately.

### CARE OF FABRIC

**SILVERTEX** contains an antimicrobial agent. It is safe for diminishing odors and helps control bacterial growth. Cleaning instructions vary based on stain type:

**GENERAL:** Clean with damp cloth.

**STAIN TYPE:** Felt tip marker, crayon, chocolate, suntan lotion, hair/body oils. Clean with 1:1 mix of Ivory™ soap and water.

**STAIN TYPE:** Blood, urine, feces, oil-based paint, tar, asphalt. Clean with a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water.

**STAIN TYPE:** Other stains: Clean with a 1:1 mix of isopropyl alcohol and water. If stain persists, use straight alcohol.

### CARE OF PLASTIC

When cleaning the Evoke's plastic shell, use warm water, a dishsoap-based cleaner, and a soft cloth. If disinfecting the shell, use an alcohol-based spray or wipe.

## SPECIAL AND CUSTOM PRODUCTS

### CUSTOM SURFACE MATERIALS

Fleetwood storage cases feature particleboard construction with Thermally Fused Laminate (TFL) faces. High Pressure Laminate (HPL) is standard on all Fleetwood Tables & Desks and on Designer 2.0 products under 68" tall and Illusions 2.0 worksurfaces and bookcases under 68" tall. Both TFL and HPL laminate may be requested as a custom material. Contact your Fleetwood Learning Environment Project Coordinator for lead time and pricing information.

### UNIQUE SHAPES AND SIZES

While Fleetwood offers a broad selection of shapes and sizes of products, sometimes you might still need a unique product or finish. We try to make this easy for you. Please contact your Fleetwood Learning Environment Consultant or Project Coordinator at sales@fleetwoodfurniture.com or 800.257.6390 for quoting assistance.

For budgeting purposes, please use the following rules for quantities of **25 or more**. Pricing does not apply for lower quantities. We encourage you to continue to submit special requests to Fleetwood as soon as possible to confirm pricing as unique considerations may impact your custom product request. Please call for all shape changes and base modifications on tables.

Product	Modification	Budget Pricing Guideline
Laminates	Wilsonart standard finish	See pricing within G5 column for supported Wilsonart finishes for quantities of 25 or more. Finishes from all other manufacturers require special quote. Call for markerboard pricing on storage
Fabrics on seating	Non-standard SILVERTEX	\$30 list/chair
Unitized Frame Tables	No shape changes Size change only within existing size parameters Standard sized base	Take next largest sized standard table price and add \$75 list per unit
Stacker Table	See Unitized Frame Tables	
I-Leg Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add \$75 list per unit
C-Leg Table	See I-Leg Table directions	Call for quote
Post Leg Table	No shape change Size change within existing size parameters	Take next largest sized standard table price and add \$75 list per unit
Storage	HPL on entire case	Estimate approximately \$1,500 list upcharge per unit. Call for quote for specific pricing. Minimums required.

Product	Modification	Budget Pricing Guideline
Pedestal Leg Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add \$75 list per unit
Pedestal Base & Post Leg Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add \$75 list per unit
Picnic Table & Bench	See Unitized Frame Tables on previous page	
Computer Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add \$75 list per unit
Crank Height Adjustable Table	Worksurface size change	Take next largest sized standard table price and add \$75 list per unit
Wood Leg Table	Any	Call for quote
Full End Panel Table	No shape changes Size change only within existing size parameters. Standard sized base	Start with next largest sized standard table and add \$75 list per panel modified (1 top, 1 center support panel, 2 end panels)

Soft Rock Stool	Custom fabric	Call for quote, except for SILVERTEX™ which is \$30 list/unit
Shell colors	Paint colors	Call for quote

## TERMS AND CONDITIONS

### PRICING

Pricing shown in this price list is subject to change without notice. Reference Fleetwood's website, CET, Project Matrix, 2020 or Kits Collaborator for current pricing.

### PRODUCT

Fleetwood reserves the right to discontinue product and change product specifications. Digital images in print and web-based sites may not be exact.

### ORDERS

Orders will be accepted only from authorized Fleetwood dealers. Submit orders via fax or email. No verbal orders will be accepted. Orders are binding only upon acceptance by Fleetwood and conditions set forth in the order acknowledgment and invoice. Orders are subject to credit availability.

All orders must include the following information: 1) purchase order number, 2) billing address, 3) ship-to address, 4) model number with size, description, finish selections and options, 5) quantities, 6) pricing, 7) quote number, 8) delivery date, 9) phone number and contact to call before delivery, and 10) approved drawings (if needed). Also identify 1) customer, 2) dealership, 3) dealer salesperson and 4) other relevant contacts.

An order acknowledgment will be emailed by Fleetwood after acceptance of the order. Fleetwood assumes all orders are correct as acknowledged. It is the dealer's responsibility to review and confirm that all information is correct and to notify Fleetwood within two business days of any order discrepancies. Fleetwood is not responsible for typographical errors.

Order status may be checked on our website: [www.fleetwoodfurniture.com](http://www.fleetwoodfurniture.com).

### TERMS

Open account status is only granted after a credit application is submitted and approved by Fleetwood. New customers and international customers are cash in advance. Remittance to be sent to PO Box 1259, Holland MI 49422-1259 or sent via ACH transactions. Please contact Fleetwood Accounting department for details. Dealers with open account status and specific credit limits have payment terms of NET 30 from date of invoice.

### CHANGE ORDERS OR CANCELLATIONS

Purchase orders received by Fleetwood are firm and may not be canceled or changed in whole or in part without written consent from Fleetwood. Consent will be determined by customer's agreement to pay any additional expenses that may be incurred resulting from the request to change or cancel the order.

### SHIPPING TERMS

Fleetwood will determine the method and carrier that meets the delivery criteria. Shipments will be routed the best way using small parcel, LTL or truck load carriers. Shipments do not include inside delivery, liftgate or call-before notification and are subject to fees that are available upon request. All orders (unless previously determined per purchasing agreement) are subject to shipping costs. (Prices shown in price list do not include shipping costs. Rates vary based on carrier, expediting requests, and final destination.) Charges are prepaid and added to the invoice. All orders are shipped F.O.B origin. Merchandise title passes from Fleetwood to the consignee upon delivery to the carrier.

### FREIGHT SHORTAGES AND DAMAGE

Buyers receiving goods must follow these instructions. Failure to follow these instructions may affect the costs for the delivery and replacement of damaged goods.

Buyer must count and thoroughly inspect all items for shipping damage before accepting delivery. If there is a shortage, please note the shortage on the delivery receipt. Note visible damage on the delivery receipt and show the driver. If damage has occurred, report this to Fleetwood within 5 business days. If it appears that damage could be possible, instruct the driver to open the carton and inspect contents. You have the right to accept partial shipments and refuse the remaining damaged units unless the items shipped via a blanket-wrapped carrier. If damages or shortages are not noted on the delivery receipt, the carrier and Fleetwood are relieved of further responsibility, and a claim may not be processed. Please save original packaging in case return shipment or inspection is required.

UPS or FedEx shipments: Inspect the shipment immediately following delivery for damage. Note all damage on the receipt and have the driver initial before you sign the receipt. Do not remove any damaged merchandise from the original carton until an inspection has been made or waived by the shipping company.

### DELAYS

Orders will ship per the acknowledged ship date. If the customer requests a delay in shipment, the customer may be subject to fees associated with storage. Requests for delays must be submitted in writing. Fleetwood will provide a storage estimate based on the order size and storage terms. Fleetwood will make all storage arrangements.

### RETURNS

Products may not be returned and will not be accepted without prior written consent by Fleetwood. Please contact your Fleetwood Learning Environment Project Coordinator to obtain a Return Authorization. Approved returns may be subject to restocking and other fees which will be determined at Fleetwood's discretion. Products returned must be received in new condition and will be assessed prior to issuing a credit. Non-standard product is not returnable.

### STANDARD AND NON-STANDARD PRODUCT LEAD TIMES

Standard products with standard finishes published in the current price list have pre-determined lead times from receipt of order acknowledgment. Contact your Fleetwood Learning Environment Project Coordinator for current lead times. Lead times may extend if demand far exceeds forecast, which can occur during peak summer demand. Fleetwood encourages customers to place orders early to avoid this peak time.

Non-standard products and standard products specified with non-standard finishes may have longer lead times. Contact your Fleetwood Learning Environment Project Coordinator for more information. Fleetwood is not responsible for costs incurred due to delay of shipments.

### QUICKSHIP PROGRAM

Fleetwood offers a variety of products on its Quickship program. The 2022 program is effective January 2022. The new storage products -- Designer 2.0 and Illusions 2.0 -- are available on Quickship May 2022. Evoke seating is available July 2022. Quickship is designed to ship in 3 weeks. Order size cannot exceed \$25,000 list and must consist of approved finishes unless an exception is granted. Standard Dealer Net terms apply.

Approved finishes:

- All standard TFL laminates and matching edgebands
- Following HPL laminates: Fusion Maple, Etched Gray, Black, Black Chemguard with matching edgebands
- Black Phenolic Resin
- All standard paint colors
- Following plastic colors: Mushroom, Battleship, Black, Greige

All products on Quickship are printed in blue ink within the price list. Request Quickship service level when placing order.

## LIMITED LIFETIME WARRANTY

Fleetwood Group Inc. ("Fleetwood") warrants that Fleetwood brand products are free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty applies to Fleetwood Branded Products delivered in the United States and U.S. territories. The warranty is valid from the date of delivery to the original end user and is non-transferable at its option and free of charge (for materials and components). Fleetwood will repair or replace with comparable product, any product, part or component that fails under normal use. If repair or replacement is not commercially practicable, Fleetwood will provide a refund or credit for the affected product. End user means the final purchaser acquiring a product from Fleetwood or a Fleetwood Authorized Reseller for the purchaser's own use and not for resale, remarketing or distribution.

### EXCEPTIONS TO THE LIMITED LIFETIME COVERAGE

12 years: laminate, solid surfaces, natural wood tops, fabrics, casters, glides, levelers, hinges, drawer slides, locks, Rock seating surface and mechanism, Flip & Nest table mechanism, Illusions 2.0 learning wall whiteboards, Evoke shell-to-frame connections

5 years: plastic trays and plastic rails

3 years: electrical components, pneumatic and hydraulic cylinders, soft close hinges

### WARRANTY DOES NOT APPLY TO PRODUCT DEFECTS, DAMAGE, FAILURE OR LOSS RESULTING FROM:

- Normal wear and tear (including, but not limited to, scratching of epoxy tops, maple block tops and phenolic tops, and ghosting on whiteboard desks, tables and Pages, and puncturing of the Rock seating surface)
- Failure to apply, install, reconfigure, or maintain products according to published Fleetwood or manufacturer instructions and guidelines
- Use of abrasive cleaners
- Abuse, misuse, or accident (including, without limitation, use or storage of product in unsuitable environments or conditions)
- Product exposure to water or other liquids
- Unauthorized alteration or modification of the product
- The substitution of any unauthorized non-Fleetwood components for use in the place of Fleetwood components

### WARRANTY DOES NOT COVER:

- Products considered by Fleetwood to be consumables, such as Pages dry erase markerboards.
- Variations occurring in surface materials (e.g., colorfastness, matching grains, textures and colors across dissimilar substrates and lots), and natural aging found in materials such as wood
- Any non-standard products that were explicitly excluded from warranty coverage and captured in writing on the quote
- Other manufacturers' products (Fleetwood will pass along other manufacturers' warranties.)

### WARRANTY PROVIDES EXCLUSIVE REMEDIES:

- Pursuant to this limited warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Fleetwood will 1) repair or, at Fleetwood's option, replace the affected product at no charge with a new or refurbished product of comparable function, performance and quality or 2) refund or credit of the purchase price for the affected product if, at Fleetwood's discretion, Fleetwood determines that repair or replacement is not commercially practicable or cannot be timely made.
  - A product "defect" means an inadequacy in the materials or workmanship of the product that 1) existed at the time when you received the product from Fleetwood or a Fleetwood Authorized Reseller and 2) causes a failure of the product to perform under ordinary use in accordance with the materials and documentation for the product.
  - An "ordinary use" means use of the product 1) in conformance with all applicable local, state or federal laws, codes and regulations (including without limitation building and/or electrical codes) and 2) in accordance with manufacturer recommendations and/or instructions in the materials and documentation for the product.
  - A "Fleetwood Authorized Reseller" means any dealer that 1) is duly authorized by Fleetwood to sell the product, 2) is legally permitted to conduct business in the jurisdiction where the product is sold, and 3) sells the product new and in its original packaging.

- Replacement parts are covered for the balance of the original product warranty.

Fleetwood reserves the right to request that the damaged product be returned prior to granting a remedy.

THIS LIMITED WARRANTY IS THE SOLE REMEDY FOR PRODUCT DEFECT AND NO OTHER EXPRESS OR IMPLIED WARRANTY IS PROVIDED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. FLEETWOOD SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES.

FLEETWOOD'S WARRANTY MAY BE AMENDED AT ANY TIME. CONSULT THE WEBSITE FOR THE MOST CURRENT EDITION.

# Product Transition Information

## DESIGNER 2.0 AND ILLUSIONS 2.0:

**“Keep the Good and Make it Better.”**

That was our mandate when we started developing our new storage product lines. So, while our new solutions work much like the previous versions, you can accomplish much more with them.

Our new product portfolio shares the same design platform (unlike the first generation or Designer, Illusions, Encore and Learning Wall Collections). The new platform matches our table platform to deliver absolute aesthetic and functional compatibility. That means you can now seamlessly blend mobile storage, perimeter storage and tables for a truly cohesive classroom environment.

Our quest for better didn't stop there. We also created a comprehensive, “one-stop shopping” portfolio to help you avoid planning frustrations (and costly custom solutions). We designed products to work in compressed footprints, because we believe storage should empower teachers and students, not get in their way. And we gave the new product lines a beauty makeover – resulting in cleaner lines, impeccable alignment and biophilia-inspired color palettes.

Check out the details for yourself in the charts below. Once you absorb it all, we're betting you won't say, “Why would I change?” Instead, you'll ask “Why wouldn't I?”

## OLD MODEL NUMBER TO NEW MODEL NUMBER CONVERSIONS

Because Designer 2.0 and Illusions 2.0 boast 1" thick worksurfaces and tops, all tables with 3/4" worksurfaces were modified to feature 1" thick worksurfaces with HPL. This impacts Unitized Frame and Stacker tables. This change allows all tables to align perfectly with 29" and 37" high Designer 2.0 and Illusions 2.0 worksurfaces. Plus, all tables now feature HPL versus TFL for greater durability. Model numbers were updated to reflect the change.
